Greetings,

I would like to take this opportunity to introduce the '**Leaders Networking Evenings**' (LNE) initiated by Datamatix especially for leaders like you.

In today's economic environment, business leaders are under pressure to develop new business and reshape their business strategies in order to stay ahead of the competition. The Leaders Networking Evenings provide unique networking experiences for regional leaders and promote business and leadership development.

Held on a monthly basis in leading 5-star hotels in Dubai, the Leaders Networking Evenings are dedicated to the development of 21st century business, government, and community leaders. The next event will take place on March 4, 2008 at the Al Bustan Rotana, in Dubai UAE. Executives and professionals who want to mingle with their peers, contribute to leadership development, learn from industry leaders, and actualize their leadership and business goals will be present.

I encourage you to join the Leaders Networking Evenings as a member and experience first-hand the relaxed environment - where everyone, even a newcomer to the Middle East will feel to take part and, if they so desire, take on a leadership role. A central goal of Leader's Networking Evenings is to provide members with opportunities to develop existing business skills and acquire new ones. As a member, you can look forward to meeting leading entrepreneurs and personalities from regional governments and the corporate world.
